**Italics indicate approximated numbers. Total Medicaid population was provided by the Office of the Actuary which used 2082 data to calculate average Medicaid enrollees over 1995. The managed care population differs from the 11,619,929 reported in the 1995 report as the number represented enrollment of some beneficiaries in more than one plan.*

The Total Medicaid Population for 1996 through 1999 was collected by States at the same time the managed care enrollment numbers were collected instead of using 2082 data as had been done in previous years.

This table provides the unduplicated national figures for the Total Medicaid Population, FFS Population and Managed Care Population.

1999 Medicaid Managed Care Enrollment Report Glossary

TERMS USED IN "MANAGED CARE ARRANGEMENT" COLUMN

PCCM

Primary Care Case Management Provider -- A PCCM provider is a provider (usually a physician, physician group practice, or an entity employing or having other arrangements with such physicians, but sometimes also including nurse practitioners, nurse midwives, or physician assistants) who contracts to locate, coordinate, and monitor covered primary care (and sometimes additional services). This category includes any PCCMs and those PHPs which act as PCCMs.

PHP

Prepaid Health Plan -- a prepaid managed care entity that provides less than comprehensive services on an at risk basis or one that provides any benefit package on a non-risk basis.

Comprehensive MCO (Comp-MCO)

A **MCO** is a health maintenance organization, an eligible organization with a contract under §1876 or a Medicare-Choice organization, a provider sponsored organization or any other private or public organization which meets the requirements of §1902(w). These MCOs provide comprehensive services to both commercial and/or Medicare, as well as Medicaid enrollees.

Medicaid-only MCO (Mcaid-MCO)

A **Medicaid-only MCO** is an MCO that provides comprehensive services to Medicaid beneficiaries, but not commercial or Medicare enrollees.

HIO

Health Insuring Organization -- an entity that provides for or arranges for the provision of care and contracts on a prepaid capitated risk basis to provide a comprehensive set of services.

"Other" Managed Care Arrangement

"Other" Managed Care Arrangement is used if the plan is not considered either a PCCM, PHP, Comprehensive MCO, Medicaid-only MCO, or HIO

TERMS USED IN "REIMBURSEMENT ARRANGEMENT" COLUMN
