## **Medicaid Managed Care Enrollment and Program Characteristics, 2016**

### **Overview**

This report is a production of the Division of Managed Care Programs (DMCP) in the Center for Medicaid and CHIP Services at the Centers for Medicare & Medicaid Services, with assistance from Mathematica Policy Research (contract # HHS-500-2010-00026I/HHS-500-T0011).

The data and information presented in this report were collected directly from all states, the District of Columbia, and US territories. Please see the Glossary for definitions of all terms and acronyms used in this report.

- National tables provide summary data on Medicaid managed care: (1) enrollment at the state and plan level, as of July 1, 2016, and (2) program features, including type of enrollment (mandatory or voluntary) by population group enrolled, quality assurance requirements, and use of performance incentives by managed care program type (see Glossary for definitions of each type).
- State tables summarize the characteristics of each managed care program operating in each state as of July 2016, including program type, geographic reach, federal operating authority, start and end dates, beneficiary groups enrolled, services covered, quality assurance and improvement provisions, and the names of participating plans or providers.

### **Data Limitations**

Mathematica conducted quality assurance review and data validation on the enrollment data and program features provided by state officials. While efforts were made to resolve apparent errors, users of this report should be aware of some limitations. First, states may differ in how they describe similar types of managed care programs; for example, some states listed the benefits covered through primary care case management (PCCM) programs as all services that are coordinated by primary care providers, while other states listed only case management. In addition, states sometimes use different data systems to track the number of enrollees in each type of managed care program or plan, and the number of unduplicated enrollees in any type of managed care program, which may yield inconsistent results. In some cases, states reported program or plan names that differ from those used in publicly available sources, including the 2015 edition of this report series. Questions regarding state-specific information in this report should be directed to state/territorial Medicaid officials; contact information can be found on state Medicaid agency websites in each state's profile at this link:

<http://medicaiddirectors.org/about/medicaid-directors/>

If you have general questions concerning this report, please contact Alexis Gibson at [alexis.gibson@cms.hhs.gov](mailto:alexis.gibson@cms.hhs.gov).

### **Acknowledgements**

We wish to extend special thanks to the many state officials who contributed their time and assistance for this data collection. We also appreciate the contributions of the Mathematica team that participated in this effort: Jane Ahn, Christopher Fleming, Cyrus Jadun, Sean Kirk, Rebecca Lester, Jenna Libersky, Debra Lipson, Christine O'Malley, and Susan Williams.

## **Errors and Corrections to the 2015 Report**

In the course of collecting data for the 2016 version of this report, Mathematica uncovered several errors in the data contained in the 2015 Medicaid Managed Care Enrollment Report, released in Winter 2018. That report was reissued and its errors are listed below.

State/Domain	Changes
<b>Table 1: State Medicaid Managed Care Enrollment Data Summary, as of July 1, 2015</b>	
Massachusetts	Section VIII enrollment was previously reported as 360,116. The correct figure is 288,930.
All states	As a result of these changes Section VIII enrollment was previously reported as 10,087,634. The correct figure is 10,016,448.
<b>Table 5: Enrollment by Program and Plan, as of July 1, 2015</b>	
Idaho	The Medicare-Medicaid Coordinated Plan program was previously classified as a Comprehensive MCO in the 2015 reports. The program is now classified as a Comprehensive MCO + MLTSS program in the corrected report.
<b>Table 6: Medicaid Managed Long Term Services and Supports (MLTSS) Program Users or Enrollees, as of July 1, 2015</b>	
Florida	Florida reports MLTSS enrollees, not users as the original report suggested. A footnote has been added for Florida that reads: "Delaware, Florida, Idaho, Illinois, and Rhode Island report the number of enrollees in their MLTSS programs, some of which may not be using MLTSS. In previous years, they reported the number of users of LTSS. The totals in this column do not include those five states because it is a count of users, not enrollees."
Idaho	<ol style="list-style-type: none"> <li>1. The number of managed LTSS enrollees under comprehensive managed care including LTSS was previously reported as 0. The corrected figure is 1,635.</li> <li>2. Because Idaho reports enrollees rather than users, a footnote has been added for Idaho that reads: "Delaware, Florida, Idaho, Illinois, and Rhode Island report the number of enrollees in their MLTSS programs, some of which may not be using MLTSS. In previous years, they reported the number of users of LTSS. The totals in this column do not include those five states because it is a count of users, not enrollees."</li> </ol>
Illinois	Illinois reports MLTSS enrollees, not users as the original report suggested. A footnote has been added for Illinois that reads: "Delaware, Florida, Idaho, Illinois, and Rhode Island report the number of enrollees in their MLTSS programs, some of which may not be using MLTSS. In previous years, they reported the number of users of LTSS. The totals in this column do not include those five states because it is a count of users, not enrollees."
New York	<ol style="list-style-type: none"> <li>1. The number of enrollees using managed LTSS under comprehensive managed care including LTSS was previously reported as 129,410. The corrected figure is 6,141.</li> <li>2. The percent of total managed care enrollees using comprehensive managed care including LTSS was previously reported as 2.7%. The corrected figure is 0.1%.</li> <li>3. The number of enrollees using Managed LTSS (MLTSS) only was previously reported as 6,141. The corrected figure is 129,410.</li> <li>4. The percent of total managed care enrollees using Managed LTSS (MLTSS) only was previously reported as 0.1%. The corrected figure is 2.7%.</li> </ol>
Ohio	A footnote has been added for Ohio that reads: "Since 2014, Ohio has operated an MLTSS program, MyCare, that serves dually eligible individuals who opt out of the Financial Alignment Initiative demonstration of the same name. Ohio has not reported a separate count of non-demonstration MLTSS users as part of this data collection."

State/Domain	Changes
All states	<p>As a result of these changes:</p> <ol style="list-style-type: none"> <li>1. Footnote 2 has been updated to read: "The counts in this table report MLTSS enrollees who received LTSS, with five exceptions (see footnote 3). Some managed care programs enroll beneficiaries who may be at risk of needing LTSS but do not receive any LTSS; such enrollees are generally excluded, again with five exceptions."</li> <li>2. Footnote 3 has been added to the column for Managed LTSS (MLTSS) Only number of enrollees using LTSS that reads: "Delaware, Florida, Idaho, Illinois, and Rhode Island report the number of enrollees in their MLTSS programs, some of which may not be using MLTSS. In previous years, they reported the number of users of LTSS. The totals in this column do not include those five states because it is a count of users, not enrollees."</li> <li>3. The total number of enrollees using comprehensive managed care including LTSS was previously reported as 840,680. The corrected figure is 683,209.</li> <li>4. The percent of total managed care enrollees using comprehensive managed care including LTSS was previously reported as 1.3%. The corrected figure is 1.1%.</li> <li>5. The number of enrollees using managed LTSS (MLTSS) only was previously reported as 152,585. The corrected figure is 188,263.</li> <li>6. The percent of total managed care enrollees using Managed LTSS (MLTSS) only was previously reported as 0.2%. The corrected figure is 0.3%.</li> </ol>
<b>State Tables</b>	
Idaho	The Medicare-Medicaid Coordinated Plan program was previously classified as a Comprehensive MCO in the 2015 reports. The program is now classified as a Comprehensive MCO + MLTSS program in the corrected report.

## **Highlights**

Data from the Medicaid Managed Care Data Collection System (MMCDCS) in 2015 and 2016 show the following trends:

- **Medicaid enrollment in comprehensive MCOs increased by 7.0 percent – from 50.9 million in 2015 to 54.5 million in 2016 – representing the lowest rate of increase since 2013.** Comprehensive MCOs cover a broad range of Medicaid benefits, including acute, primary and specialty care, and in some states, behavioral health and long-term services and supports (LTSS) as well.
- **States continue to expand their use of comprehensive MCOs to deliver Medicaid.** Nationally, over two thirds (68.0 percent) of all Medicaid beneficiaries were enrolled in comprehensive MCOs in 2016, up from 65.5 percent in 2015. In 37 states at least 50 percent of all Medicaid beneficiaries were enrolled in comprehensive MCOs, up from 34 states in 2015.
- **Use of Primary Care Case Management (PCCM) or PCCM entities, and Behavioral Health Organization (BHO) programs declined, while use of Dental and Non-Emergency Medical Transportation (NEMT) programs increased.** In 2016, about 6.7 percent of all Medicaid beneficiaries were enrolled in PCCMs or PCCM entities, and 14.0 percent were enrolled in BHOs in 2016, down from 2015 enrollment of 8.7 percent and 15.6 percent, respectively. In contrast, in 2016 NEMT managed care programs covered 17.0 percent of Medicaid beneficiaries and dental programs covered 8.3 percent, up from 2015 enrollment of 15.6 percent and 7.8 percent, respectively.
- **Nearly 12 million low-income adults covered by the ACA Medicaid expansion were enrolled in comprehensive managed care plans, compared to over 10 million enrolled in 2015.** About 11.9 million low income adults eligible for Medicaid under Section VIII of the ACA in 2016 were enrolled in comprehensive MCO plans, compared to just over 10 million in 2015 (a 17.9 percent increase).
- **Managed long-term services and supports (MLTSS) programs experienced growth.** Twenty one states<sup>1</sup> had managed LTSS (MLTSS) programs in operation as of July 1, 2016, up from 19 states in 2015. As of July 1, 2016, there were over 1.1 million (1,174,958) LTSS users, excluding a subset of 55,308 enrollees in Delaware, Idaho, Illinois, and Rhode Island, some of whom may not be LTSS users (these states cannot report just LTSS users). Thirteen of the 19 states reporting LTSS users among MLTSS enrollees in both years reported an increase in the number of LTSS users from 2015 to 2016.

---

<sup>1</sup> The count of states with MLTSS program excludes South Carolina and Virginia whose only MLTSS programs at that time were Medicare-Medicaid Financial Alignment demonstrations.

## **Glossary**

### **Federal authorities (Waivers and State Plan Amendments)**

1115(a)	States can apply for a Section 1115 waiver to test experimental, pilot, or demonstration projects that promote the objectives of the Medicaid and CHIP programs.
1902(a)(70) NEMT	States can use Section 1902(a)(70) statutory authority to amend their Medicaid state plans to establish non-emergency medical transportation (NEMT) brokerage programs without regard to the statutory requirements for comparability, geographic region served, and freedom of choice.
1905(t)	States can use Section 1905(t) statutory authority to create voluntary primary care case management (PCCM) managed care programs.
1915(a)	States can use Section 1915(a) statutory authority to enter into a voluntary contract with an entity to provide State plan services. Enrollment is voluntary.
1915(b)	States can use Section 1915(b) waivers to mandate enrollment of special populations into managed care delivery systems or otherwise limit beneficiaries' choice of providers.
1915(c)	States can use Section 1915(c) waivers to provide long-term services and supports (LTSS) in home and community settings rather than institutional settings. By using 1915(c) waivers concurrently with 1915(a), 1932(a), or 1915(b) authorities, states can provide LTSS through managed care. Without a concurrent waiver allowing a state to deliver these services through managed care, 1915(c) waiver services are paid fee-for-service.
1915(i)	States can use Section 1915(i) statutory authority to offer a variety of home and community-based services through the state plan, regardless of whether enrollees meet the institutional level of care. By using 1915(i) authority concurrently with 1915(a), 1932(a), or 1915(b) authorities, states can provide LTSS through managed care.
1915(j)	States can use Section 1915(j) statutory authority to offer self-directed personal assistance services provided under the state plan and/or section 1915(c) waivers. By using 1915(j) authority concurrently with 1915(a), 1932(a), or 1915(b) authorities, states can provide LTSS through managed care.
1915(k)	States can use Section 1915(k) statutory authority to provide home and community-based attendant services and supports (the "Community First Choice Option") under their state plan. By using 1915(k) authority concurrently with 1915(a), 1932(a), or 1915(b) authorities, states can provide LTSS through managed care.
1932(a)	State can use Section 1932(a) statutory authority to mandate enrollment of Medicaid beneficiaries in managed care entities without section 1915(b) or 1115 waiver authority. However, certain groups are exempt from mandatory enrollment (for example, Medicare-Medicaid dual enrollees, Native Americans and children with special health care needs), and with exceptions for rural areas, the state must offer at least two managed care options.
1937 Alternative Benefit Plan	States can use Section 1937 statutory authority to provide alternative benefits tailored to meet the needs of certain Medicaid population groups, target residents in certain areas of the state, or provide services through specific delivery systems instead of following the traditional Medicaid benefit plan. The Affordable Care Act of 2010 amended Section 1937 by requiring states to provide an alternative benefit package to the newly eligible adult (Section VIII) Medicaid expansion population, which must cover 10 essential health benefits described in ACA Section 1302(b).
1945 Health Homes	States can use Section 1945 statutory authority to coordinate care for Medicaid beneficiaries who have chronic conditions. Although Medicaid Health Homes are not a managed care system, states can combine 1945 authority with a managed care authority such as 1915(a), 1932(a), or 1915(b) to provide health home services through managed care entities.

## Key Terms, Acronyms and Definitions

Term	Acronym	Definition
Affordable Care Act	ACA	The Patient Protection and Affordable Care Act, is the federal law that took full effect in 2014. Among other provisions, it authorized states to expand Medicaid coverage to non-pregnant, childless, low-income adults with household income up to 138 percent of the federal poverty level, without a waiver or other special authority.
Behavioral Health Organization	BHO	A managed care entity specializing in behavioral health (mental health and/or substance use disorder) services. Services are covered on a prepaid basis.
Centers for Medicare & Medicaid Services	CMS	The federal agency that administers the Medicare and Medicaid programs.
Comprehensive Managed Care Organization	Compre-hensive MCO	Comprehensive MCOs provide all acute, primary and specialty medical services; some also cover behavioral health and long term services and supports. Entities that qualify as MCOs include Health Maintenance Organizations (HMOs) and Health Insuring Organizations (HIOs) in California.
Consumer Assessment of Healthcare Providers and Systems	CAHPS	Surveys that ask consumers and patients about their experiences with health care services and health plans. Some state Medicaid agencies require health plans to submit data or results from CAHPS surveys of managed care enrollees.
Dental Prepaid Ambulatory Health Plan		A limited-benefit plan that only provides dental services.
Dual Eligibles (also referred to as "Duals", or Medicare-Medicaid Eligibles)		Individuals who are eligible for Medicare and either (1) eligible to receive all state Medicaid benefits ("full duals") or (2) the Medicaid agency only pays for Medicare premiums and/or cost sharing ("partial duals").
Early and Periodic Screening, Diagnostic and Treatment	EPSDT	States are required to cover the following services for all Medicaid-eligible children under age 21: periodic screenings to identify physical and mental conditions as well as vision, hearing, and dental needs; and follow-up diagnostic and treatment services to correct conditions identified during a screening.
External Quality Review Organization	EQRO	An organization that meets competence and independence requirements and performs an external quality review of managed care programs and plans.
Federally Qualified Health Center	FQHC	Federally Qualified Health Centers provide comprehensive health services in underserved communities and must offer a sliding fee scale. FQHCs receive grants under Section 330 of the Public Health Service Act.
Fee-For-Service	FFS	A payment system in which the state reimburses providers directly for each individual service rendered.
Healthcare Effectiveness Data and Information Set	HEDIS	A collection of performance measures and measurement specifications which certain Medicaid managed care programs are required to use and submit to the state. HEDIS measures and definitions are produced by the National Committee for Quality Assurance (NCQA).
Home and Community-based Services	HCBS	Long-term services and supports provided in homes or community settings to Medicaid beneficiaries who are frail seniors, or with mental illnesses, intellectual or developmental disabilities, and/or physical disabilities in.
Intellectual / Developmental Disabilities	IDD	An individual with an intellectual or developmental disability has an intellectual functioning level (IQ) below 70-75, limitations in adaptive skills, and must have had the condition start before the age of nineteen.

Term	Acronym	Definition
<i>Intermediate Care Facilities</i>	ICF	An optional Medicaid benefit to provide treatment in an institutional care setting for individuals with intellectual disabilities.
<i>Institution for Mental Diseases</i>	IMD	Services furnished by a hospital, nursing facility, or other institution of more than 16 beds that is primarily engaged in providing diagnosis, treatment, or care of persons with mental diseases, including medical attention, nursing care, and related services. Whether an institution is an institution for mental diseases is determined by its overall character as that of a facility established and maintained primarily for the care and treatment of individuals with mental diseases, whether or not it is licensed as such. The facility must be a hospital providing psychiatric or substance use disorder inpatient care or a sub-acute facility providing psychiatric or substance use disorder crisis residential services, and length of stay in the IMD must be for a short term stay of no more than 15 days during the period of the monthly capitation payment. The provision of inpatient psychiatric or substance use disorder treatment in an IMD must meet the requirements for in lieu of services.
<i>Long-term Services and Supports</i>	LTSS	Long term services and supports assist individuals with activities of daily living such as bathing, dressing and eating in institutional settings, including nursing homes and ICFs-IDD, or in home and community-based settings.
<i>Managed Long Term Services and Supports</i>	MLTSS	The delivery of LTSS, such as nursing home care and home and community-based services, through capitated Medicaid managed care programs. MLTSS programs can either provide LTSS in addition to medical care through comprehensive MCOs, or they can provide only LTSS benefits through PIHPs or PAHPs, referred to as MLTSS-only programs.
<i>Medicaid</i>		A health care program providing coverage for eligible low-income adults, children, pregnant women, elderly adults and people with disabilities. Medicaid is jointly administered and funded by states and the federal government, according to federal rules.
<i>Medicaid Managed Care</i>		Medicaid managed care provides for the delivery of Medicaid health benefits and additional services through contracted arrangements between state Medicaid agencies and managed care entities, such as MCOs, that accept a set per member per month (capitation) payment for these services, or with providers responsible for coordinating a defined set of services.
<i>Medicaid State Plan</i>		An agreement between a state and the federal government describing how that state administers its Medicaid program, including eligible individuals, services covered, reimbursement methodologies, and administrative activities.
<i>Medicaid State Plan Amendment</i>	SPA	When a state is planning to make a change to its Medicaid program policies or operational approach, states submit SPAs to CMS for review and approval.
<i>Medicaid Waivers</i>		Statutory authorities under which the Secretary of Health and Human Services, upon the request of a state, may allow the state to receive federal Medicaid matching funds for its expenditures when the benefits or populations covered, or other program features deviate from requirements or limitations of the federal Medicaid statute.
<i>Medicare</i>		A health care program for individuals ages 65 and older, and individuals under age 65 with certain disabilities. Medicare is administered and funded by the federal government.
<i>Mental Health</i>	MH	An individual's psychological and emotional state. Mental disorders affect how individuals relate to each other and make choices, and may include changes in thinking, mood, and/or behavior.

Term	Acronym	Definition
<i>Non-Emergency Medical Transportation</i>	NEMT	A program that covers transportation to and from medically necessary health care services.
<i>Other Prepaid Health Plans</i>	PHP	Prepaid ambulatory or inpatient health plans that cover a limited set of benefits, such as behavioral health, long term care, dental, or transportation benefits.
<i>Prepaid Ambulatory Health Plan</i>	PAHP	An entity that provides medical services to enrollees under contract with the State agency and on the basis of prepaid capitation payments or other payment arrangements that do not use State plan payment rates. A PAHP does not provide or arrange for the provision of any inpatient hospital or institutional services for its enrollees.
<i>Prepaid Inpatient Health Plan</i>	PIHP	An entity that provides medical services to enrollees under contract with the State agency and on the basis of prepaid capitation payments or other payment arrangements that do not use State plan payment rates. A PIHP provides, arranges for, or otherwise has responsibility for, the provision of any inpatient hospital or institutional services for its enrollees.
<i>Presumptive Eligibility</i>		The option available to states to extend limited Medicaid coverage at the point a provider determines that an individual's income does not exceed the eligibility threshold until a formal determination of eligibility is made.
<i>Primary Care Case Management</i>	PCCM	A managed care arrangement in which primary care providers contract with the state to provide a core set of case management services to the enrollees assigned to them and to serve as the enrollees' home for medical care, in exchange for a small administrative fee. All other services are reimbursed on a FFS basis. Primary Care Providers (PCPs) can include primary care physicians, clinics, group practices and nurse practitioners, among others.
<i>Primary Care Case Management entity</i>	PCCM entity	In addition to providing primary care case management services for the State, a PCCM entity is an organization that provides any of the following functions: (1) Provision of intensive telephonic or face-to-face case management, including operation of a nurse triage advice line; (2) Development of enrollee care plans; (3) Execution of contracts with and/or oversight responsibilities for the activities of FFS providers in the FFS program; (4) Provision of payments to FFS providers on behalf of the State; (5) Provision of enrollee outreach and education activities; (6) Operation of a customer service call center; (7) Review of provider claims, utilization and practice patterns to conduct provider profiling and/or practice improvement; (8) Implementation of quality improvement activities including administering enrollee satisfaction surveys or collecting data necessary for performance measurement of providers; (9) Coordination with behavioral health systems/providers; and/or (10) Coordination with long-term services and supports systems/ providers.
<i>Program for All-inclusive Care for the Elderly</i>	PACE	A program that provides prepaid, capitated comprehensive medical and social services in an adult day health center, as well as in-home and referral services according to a participant's needs. To qualify, individuals must: (1) be 55 years of age or older, (2) meet a nursing home level of care, and (3) live in a PACE organization service area.
<i>Section VIII</i>		Section VIII of the Affordable Care Act (ACA) authorized the expansion of Medicaid coverage to non-pregnant, childless, low-income adults with household income up to 138 percent of the federal poverty level, who could previously be covered only under a waiver or other special authority.

<b>Term</b>	<b>Acronym</b>	<b>Definition</b>
<i>Substance Use Disorder</i>	SUD	Individuals with an SUD recurrently use alcohol and/or drugs. As a result, they experience significant clinical and functional impairment that may include: health issues, disability and failure to meet responsibilities.
<i>Transportation Prepaid Ambulatory Health Plan</i>	NEMT PAHP	A prepaid ambulatory health plan covering transportation services only.

**Table 1. State Medicaid Managed Care Enrollment Data Summary, as of July 1, 2016**

State or Territory	Total Medicaid Enrollees <sup>1</sup>	Total Medicaid Enrollment in Any Type of Managed Care <sup>2</sup>	Medicaid Enrollment in Comprehensive Managed Care <sup>3</sup>	Medicaid Enrollment in Comprehensive MCOs Under ACA Section VIII Expansion <sup>4</sup>

## **Table 1. State Medicaid Managed Care Enrollment Data Summary, as of July 1, 2016**

1. Total Medicaid Enrollees represents an unduplicated count of all beneficiaries in FFS and any type of managed care, including Medicaid-only and Medicare-Medicaid ("dual") enrollees receiving full Medicaid benefits or Medicaid cost sharing.
2. Total Medicaid Enrollment in Any Type of Managed Care represents an unduplicated count of beneficiaries enrolled in any Medicaid managed care program, including comprehensive MCOs, limited benefit plans such as prepaid inpatient and ambulatory health plans, primary care case management (PCCM) programs, and PCCM entities.
3. Medicaid Enrollment in Comprehensive Managed Care represents an unduplicated count of Medicaid beneficiaries enrolled in a managed care plan that provides comprehensive benefits (acute, primary care, specialty, and any other), or PACE program. It excludes beneficiaries who are enrolled in a Financial Alignment Demonstration Medicare-Medicaid Plan as their only form of managed care.
4. Medicaid Enrollment in Comprehensive MCOs under ACA Section VIII Expansion is a subset of the total reported in column C, and includes individuals who are enrolled in comprehensive MCOs and are low-income adults, with or without dependent children, eligible for Medicaid under ACA Section VIII.
5. Alaska was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System, updated September 2017, and accessed February 15, 2017. See <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.
6. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1, 2015-June 30, 2016).
7. Connecticut was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System, updated September 2017, and accessed February 15, 2017. See <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.
8. Puerto Rico expanded Medicaid to 382,368 low-income, childless adults under an authority other than ACA Section VIII.
9. For purposes of this report, partial duals are included in the count of Total Medicaid Enrollees; however, Tennessee does not generally include partial duals in counts of Medicaid enrollees in other data sources.

Note: "n/a" indicates that a state or territory was not able to report data.

## **Table 2. State Managed Care Enrollment by Program Type, All Eligibles (Medicaid-only and Medicare-Medicaid), as of July 1, 2016<sup>1</sup>**

1. Because Medicaid beneficiaries may be enrolled concurrently in more than one type of managed care program (e.g., a Comprehensive MCO and a BHO), users should not sum enrollment across all program types, since the total would count individuals more than once and, in some states, exceed the actual number of Medicaid enrollees.

2. Total Medicaid Enrollees represents an unduplicated count of all beneficiaries in FFS and any type of managed care, including Medicaid-only and Medicare-Medicaid ("dual") enrollees receiving full Medicaid benefits or Medicaid cost sharing.

3. Comprehensive MCOs cover acute, primary, and specialty medical care services; they may also cover behavioral health, long-term services and supports, and other benefits in some states. Limited benefit managed care programs, including PCCM, PCCM entity, MLTSS only, BHO, Dental, Transportation, and Other cover a narrower set of services.

4. Beneficiaries can simultaneously enroll in Alabama's Patient 1st and Health Homes plans. The de-duplicated Patient 1st plan enrollment is 416,332.

5. Alaska was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System, updated September 2017, and accessed February 15, 2017. See <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.

6. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1, 2015-June 30, 2016).

7. Connecticut was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System accessed February 15, 2017, at <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.

8. Hawaii's enrollment in comprehensive MCOs includes 5,506 beneficiaries who are also enrolled in Ohana Community Care Service for behavioral health services.

9. Michigan has two programs that provide HCBS waiver services under capitation: MI Choice and the Specialty Prepaid Inpatient Health Plan (SPIHP). In this table, MI Choice is reported as an MLTSS program and SPIHP is reported as a BHO. In Table 6, both programs are considered in the count of LTSS users.

10. Oregon's enrollment in comprehensive MCOs includes beneficiaries in (1) Coordinated Care Organizations (CCOs); (2) Dental Care Organizations (DCOs), like Access Dental Plan, LLC; Advantage Dental Services; Capitol Dental Care, Inc.; CareOregon Dental; Family Dental Care; and ODS Community Health, Inc., or (3) the Mental Health Organization called Greater Oregon Behavioral Health, Inc. CCO enrollees receive physical, dental and mental health services and may be enrolled in more than one plan type simultaneously. Plan-level enrollment is found in Report 5.

11. Tennessee's enrollment in comprehensive MCOs includes 1,403,823 beneficiaries who are also enrolled in Magellan Health Services for pharmacy benefits and 889,454 beneficiaries who are also enrolled in DentaQuest USA Insurance Company for dental services. For purposes of this report, partial duals are included in the count of Total Medicaid Enrollees; however, Tennessee does not generally include partial duals in counts of Medicaid enrollees in other data sources.

12. Washington's enrollment in comprehensive MCOs includes 21,412 beneficiaries in Health Homes that provide services under contract with a comprehensive MCO.

Note: "n/a" indicates that a state or territory was not able to report data. "--" indicates states that do not operate programs of the given type. 0 signifies that a state operated a program of this type in 2016, but it ended before July 1 or began after that date.

**Table 3. Medicare-Medicaid Eligibles (Duals) Enrolled in Managed Care by Program Type, as of July 1, 2016<sup>1</sup>**

Wyoming	10,681	--	--	--	--	--	--	--	93	-

1. Because Medicaid beneficiaries may be enrolled concurrently in more than one type of managed care program (e.g., a Comprehensive MCO and a BHO), users should not sum enrollment across all program types, since the total would count individuals more than once and, in some states, exceed the actual number of Medicaid enrollees.

2. Total Medicare-Medicaid dually eligible beneficiaries represents an unduplicated count of all beneficiaries in FFS and any type of managed care, including enrollees receiving full Medicaid benefits or Medicaid cost sharing.

3. Comprehensive MCOs cover acute, primary, and specialty medical care services; they may also cover behavioral health, long-term services and supports, and other benefits in some states. Limited benefit managed care programs, including PCCM, PCCM entity, MLTSS only, BHO, Dental, Transportation, and Other cover a narrower set of services.

4. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1,2015-June 30, 2016).

5. Michigan is not able to provide dual-eligible enrollment for the Specialty Prepaid Inpatient Health plan.

6. Oregon's enrollment in comprehensive MCOs includes dually eligible beneficiaries in (1) Coordinated Care Organizations (CCOs); (2) Dental Care Organizations (DCOs), like Access Dental Plan, LLC; Advantage Dental Services; Capitol Dental Care, Inc.; CareOregon Dental; Family Dental Care; and ODS Community Health, Inc., or (3) the Mental Health Organization called Greater Oregon Behavioral Health, Inc. CCO enrollees receive physical, dental and mental health services and may be enrolled in more than one plan type simultaneously. Plan-level enrollment is found in Report 5.

7. Tennessee's enrollment in comprehensive MCOs includes 367 dually eligible beneficiaries who are also enrolled in Magellan Health Services for pharmacy benefits and 367 dually eligible beneficiaries who are also enrolled in DentaQuest USA Insurance Company for dental services.

8. Vermont pays for Medicaid services for dually eligible enrollees on a FFS basis. Dually eligible enrollees reported in the Global Commitment to Health are Medicaid enrollees who have become newly eligible for Medicare and, as of July 1, have not yet transferred out of the program.

9. Washington is unable to provide separate counts of Medicaid-only and dual enrollment for their NEMT, ICMH, and PACE programs. Enrollment counts presented in Table 2 include both Medicaid-only and Medicare-Medicaid dually eligible beneficiaries.

Note: "n/a" indicates that a state or territory was not able to report data. "--" indicates states that do not operate programs of the given type. 0 signifies that a state operated a program of this type in 2016, but it ended before July 1 or began after that date.

#### **Table 4. Share of Medicaid Enrollees in Any Managed Care and in Comprehensive Managed Care, as of July 1, 2016**

1. Total Medicaid Enrollees represents an unduplicated count of all beneficiaries in FFS and any type of managed care, including Medicaid-only and Medicare-Medicaid ("dual") enrollees receiving full Medicaid benefits or Medicaid cost sharing.
  2. Total Medicaid enrollment in Any Type of Managed Care represents an unduplicated count of beneficiaries enrolled in any Medicaid managed care program, including comprehensive MCOs, limited benefit MCOs, PCCMs, and PCCM entities.
  3. Medicaid Enrollment in Comprehensive Managed Care represents an unduplicated count of Medicaid beneficiaries enrolled in a managed care plan that provides comprehensive benefits (acute, primary care, specialty, and any other), as well as PACE programs. It excludes beneficiaries who are enrolled in a Financial Alignment Initiative Medicare-Medicaid Plan as their only form of managed care.
  4. Alaska was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System, updated September 2017, and accessed February 15, 2017. See <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.
  5. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1,2015-June 30, 2016).
  6. Connecticut was not able to provide total Medicaid enrollment as of July 1, 2016. This figure is from the April - June 2016 enrollment data collected through the Medicaid Budget and Expenditure System, updated September 2017, and accessed February 15, 2017. See <https://www.medicaid.gov/medicaid/program-information/downloads/cms-64-enrollment-report-apr-jun-2016.pdf>.
  7. For purposes of this report, partial duals are included in the count of Total Medicaid Enrollees; however, Tennessee does not generally include partial duals in counts of Medicaid enrollees in other data sources.
  8. The Department of Vermont Health Access, a state agency, acts as Vermont's single MCO entity.
- Note: "n/a" indicates that a state or territory was not able to report data.

## State Comprehensive Managed Care Penetration, as of July 1, 2016

Note: Comprehensive managed care includes risk-based managed care organizations (MCOs) and Programs of All-inclusive Care for the Elderly (PACE).  
Source: Medicaid Managed Care Enrollment and Program Characteristics, 2016.

1. The information in this table was provided by state officials. In some cases, program or plan names in this table differ from those used in publicly available sources. Questions regarding state-specific information in this table should be directed to State/territorial Medicaid officials.

2. Beneficiaries can simultaneously enroll in Alabama's Patient 1st and Health Homes plans. The de-duplicated Patient 1st plan enrollment is 416,332.

3. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1,2015-June 30, 2016).

4. Beneficiaries can simultaneously enroll in Ohana Community Care Service and another medical or dental plan under the Quest program. The de-duplicated comprehensive MCO enrollment is 354,289.

5. Michigan is not able to provide dual-eligible enrollment for the Specialty Prepaid Inpatient Health plan.

6. Oregon Health Plan includes (1) Coordinated Care Organizations (CCOs); (2) Dental Care Organizations (DCOs), like Access Dental Plan, LLC; Advantage Dental Services; Capitol Dental Care, Inc.; CareOregon Dental; and Family Dental Care; and (3) the Mental Health Organization called Greater Oregon Behavioral Health, Inc. CCO enrollees receive physical, dental and mental health services and may be enrolled in more than one plan type simultaneously.

7. Beneficiaries can simultaneously enroll in (1) Magellan Health services, (2) DentaQuest USA Insurance Company, and (3) another comprehensive MCO. The de-duplicated comprehensive MCO enrollment is 1,556,089

8. Vermont pays for Medicaid services for dually eligible enrollees on a FFS basis. Dually eligible enrollees reported in the Global Commitment to Health are Medicaid enrollees who have become newly eligible for Medicare and, as of July 1, have not yet transferred out of the program.

9. In Washington, Health Homes provide services under contract with a comprehensive MCO. The de-duplicated comprehensive MCO enrollment is 1,535,441.

10. Washington is unable to provide separate counts of Medicaid-only and dual enrollment for their NEMT, ICMH, and PACE programs. As a result, total enrollment counts presented in this table include both Medicaid-only and Medicare-Medicaid dually eligible beneficiaries.

**Table 6. Medicaid Managed Long Term Services and Supports (MLTSS) Program Users or Enrollees, as of July 1, 2016<sup>1, 2</sup>**

State or Territory	Total Medicaid Enrollment in Any Type of Managed Care	Comprehensive Managed Care Including LTSS <sup>2</sup> : Number of Enrollees Using LTSS <sup>3,4</sup>	Comprehensive Managed Care Including LTSS <sup>2</sup> : Percent of Total	Managed LTSS (MLTSS) Only: Number of Enrollees Using LTSS <sup>3,4</sup>	Managed LTSS (MLTSS) Only: Percent of Total
Wisconsin	801,939	2,993	0.4%	43,578	5.4%
Wyoming	391	0	0.0%	0	0.0%

1. Enrollment and user counts include both Medicaid-only and Medicare-Medicaid ("dual") enrollees. For both types of enrollees, Medicaid covers LTSS. For dual enrollees, Medicaid may also cover Medicare cost-sharing for acute, primary care, and specialty services covered by Medicare, and other non-LTSS services that are not covered by Medicare.

2. Comprehensive Managed Care Including LTSS does not include PACE programs.

3. Some comprehensive managed care programs enroll beneficiaries who may be at risk of needing LTSS but do not receive any LTSS. These counts only include individuals that receive LTSS. Moreover, states differ in their ability to report individuals who use MLTSS versus those who are enrolled (and may or may not be using LTSS). This table reports MLTSS users unless otherwise noted.

4. Delaware, Idaho, Illinois, and Rhode Island report the number of enrollees in their MLTSS programs, some of whom may not be using MLTSS. In previous years, they reported the number of users of LTSS. The totals in this column do not include those five states because it is a count of users, not enrollees.

5. Arkansas is unable to report enrollment as of July 1, 2016. Enrollment figures represent cumulative enrollment for the state fiscal year (July 1,2015-June 30, 2016).

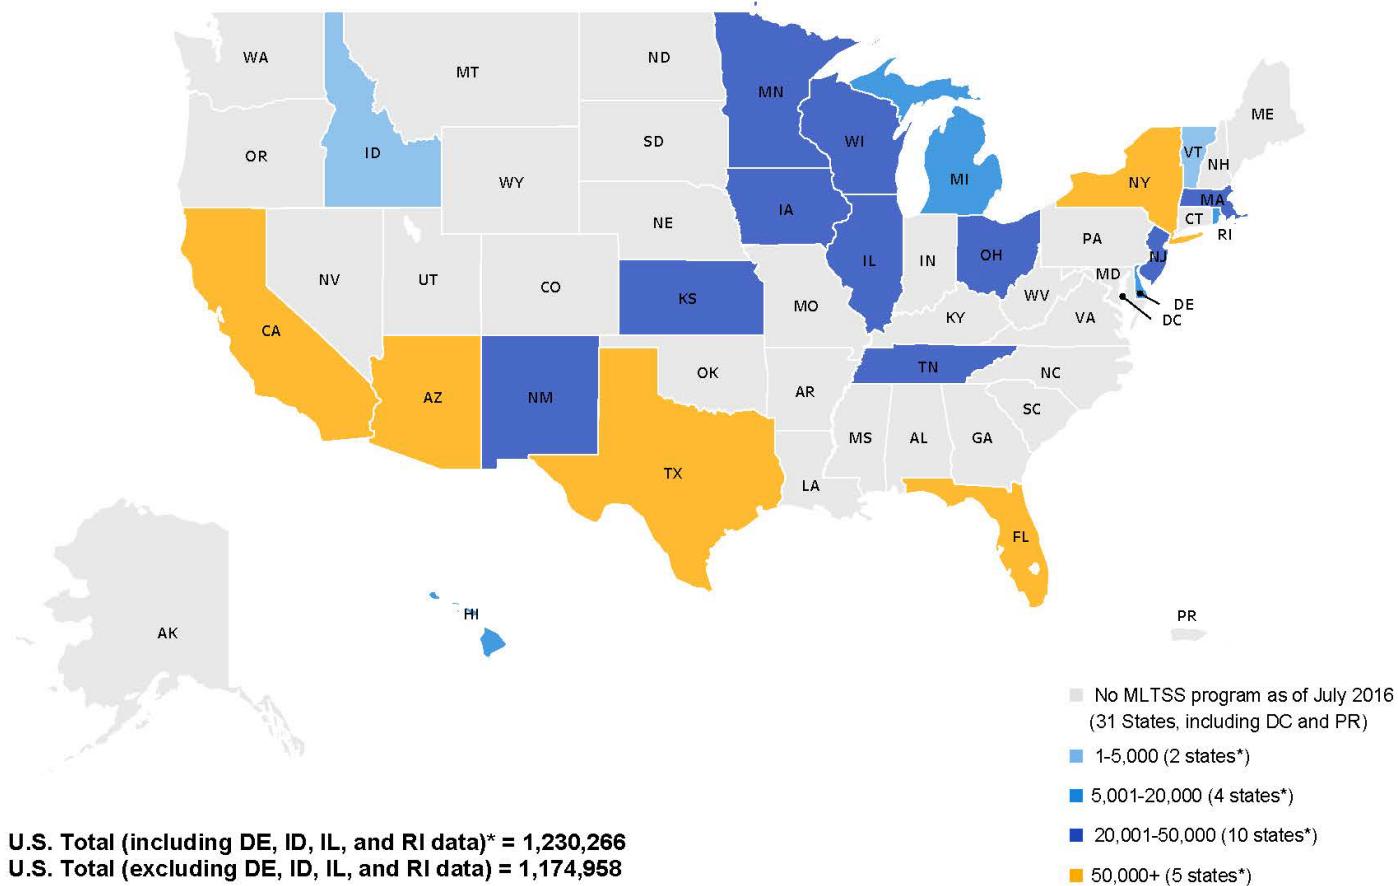

6. 7,743 of Michigan's MLTSS users are receiving capitated HCBS under the state's Specialty Prepaid Inpatient Health Plan, a BHO. The remainder are receiving MLTSS under MI Choice, an MLTSS Only program.

7. Minnesota's MLTSS user count includes 6,134 dually eligible Medicare-Medicaid beneficiaries who received skilled nursing visits in the home, some of which may be paid for by Medicare rather than Medicaid.

8. Since 2014, Ohio has operated an MLTSS program for dually eligible beneficiaries who chose not to participate in (i.e., opt out of) the MyCare Financial Alignment. Ohio began reporting the MyCare Opt-Out as an MLTSS program in 2016.

Note: "n/a" indicates that a state or territory was not able to report data.

## State Counts of Users\* of Managed Long-Term Services and Supports (MLTSS), as of July 1, 2016

\*This map presents the number of MLTSS users, not enrollees (which could include non-users of LTSS, most of whom are dual eligible). Four states (Delaware, Idaho, Illinois, and Rhode Island) were not able to report data on MLTSS users and instead report enrollment counts. Based on the number of MLTSS users each reported in 2014, and the overall increase in enrollment in comprehensive managed care reported since 2015, we have assumed the number of MLTSS users in 2016 is between 1-5,000 for Idaho, between 5,001-20,000 for Delaware and Rhode Island, and between 20,001-50,000 for Illinois. The map assigns the aforementioned categories to each state and counts them in the assigned categories when totaling the number of states with MLTSS users. This assumption, however, may not be accurate; readers should interpret this map with caution.

1. In some cases, the sum of mandatory and voluntary enrollment populations for any given program type is greater than the total number of programs of that type. That is because a state may treat individuals within a specific group, such as aged, blind, or disabled adults, differently. For example, a state can mandate enrollment of aged adults, while allowing blind and disabled adults to enroll voluntarily.

2. Certain federal statutory authorities do not allow enrollment of American Indians/Alaska Natives or Foster Care Children. Where states use these authorities to operate Medicaid managed care, American Indians/Alaska Natives or Foster Care Children are considered "exempt."

## Alabama Managed Care Program Features, as of 2016

Features	Patient 1st	PACE	Maternity Program
Notes: Program notes	<p>To be eligible for the Health Home, a recipient must be enrolled in Patient 1st and their assigned PMP also be enrolled with the Health Home. The enrollment is duplicated since an enrollee can be in both Health Home and Patient 1st. In August, 2011, Alabama added an enhanced PCCM program to its Patient 1st program, called the Patient Care Network of Alabama (PCNA), in which primary medical providers (PMPs) in four geographic regions are given the option to contract with a primary care network (PCN) and serve as medical homes for high-risk individuals. Alabama's PCNs support PMPs by providing intensive case management, reviewing service utilization data, monitoring capacity and referrals, facilitating quality improvement and the use of evidence-based care, and conducting education and outreach. In 2012, Alabama was approved for a 1945 Health Home SPA, serving recipients with two chronic conditions, or one chronic condition and the risk of developing another, or a mental health condition. In 2015, Alabama was approved for an additional 1945 Health Home SPA to expand the Health Homes statewide and changed the program's name from PCNA to Health Home.</p>		<p>This is only a maternity care program. It is a PAHP only program.</p>

## Colorado Managed Care Program Features, as of 2016

Features	Accountable Care Collaborative: Rocky Mountain Health Plans Prime (ACC: RMHP Prime)	Program of All-inclusive Care for the Elderly (PACE)	Colorado Medicaid Community Behavioral Health Services Program
Participating plans and regions served: Plans in Program	Accountable Care Collaborative: Rocky Mountain Health Plans Prime (ACC: RMHP Prime)	Rocky Mountain Health Care Services (PACE); Total Longterm Care - Pueblo DBA Innovage Greater Colorado PACE; Total Longterm Care-InnovAge Greater Colorado PACE; Volunteers of America (VOANS) PACE DBA Senior CommUnity Care; Total Longterm Care - InnovAge Loveland	Colorado Health Partnerships; Behavioral Healthcare Inc.; Foothills Behavioral Health Partners; Access Behavioral Care - Denver; Access Behavioral Care - Northeast
Notes: Program notes	Accountable Care Collaborative: Rocky Mountain Health Plans Prime tests two main payment methodologies designed to prioritize value-based care over volume-based care. First, the Department's payment to RMHP is tied to quality through a medical loss ratio (MLR). RMHP's MLR is adjusted down for every quality target they meet or surpass. Second, RMHP establishes a global budget with both primary care providers and community mental health centers and provides an opportunity for shared savings if quality targets are met. This shared savings structure incentivizes primary care and behavioral health providers to collaborate in new and innovative ways that improve health care delivery. RMHP also offers Health Plan Performance incentives by paying providers for value/quality outcomes using shared-risk or shared-savings method.		The Colorado Medicaid Community Behavioral Health Services Program contracts with BHOs to arrange for, or provide, medically necessary mental health services to clients in five service areas. In each area, the program is managed by a different behavioral health organization BHO. Medicaid members are assigned to a BHO based on where they live.

## Colorado Managed Care Program Features, as of 2016

Features	Denver Health Medicaid Choice	Accountable Care Collaborative	Accountable Care Collaborative: Access KP
Participating plans and regions served: Plans in Program	Denver Health Medicaid Choice	RCCO 1: Rocky Mountain Health Plans; RCCO 2: Colorado Access; RCCO 3: Colorado Access; RCCO 4: Integrated Community Health Partnership; RCCO 5: Colorado Access; RCCO 6: Colorado Community Health Alliance; RCCO 7: Community Health Partnerships	Colorado Access Kaiser Permanente
Notes: Program notes	Denver Health & Hospital Authority (DHHA) is a staff-model MCO, which was reported as "Managed Care Program" in MMCDCS 2015. In addition to DHHA's main medical campus (e.g., hospital, pharmacy, clinic), it operates eight community health centers and 15 school-based clinics in underserved neighborhoods throughout the Denver metropolitan area.	Medical services are paid on a fee-for-service basis where two administrative per-member-per-month fee payments are made: 1) the first payment is to the ACO to be accountable for improved health and reduced cost; and 2) the second payment is to the PCMP for providing a medical home level of care. The program has seven ACOs, called Regional Care Collaborative Organizations (RCCOs). RCCOs contract with providers to serve as medical homes for clients and also provide support services that include care coordination, case management, data analytics, practice transformation assistance and community resource referrals.	ACC: Access KP is a new payment reform initiative within Colorado's Accountable Care Collaborative (ACC). The initiative is a limited benefit, capitated primary care model designed to pilot an alternative to the current fee for service payment mechanism. The initiative is a partnership between the State of Colorado Department of Health Care Policy and Financing (HCPF), Colorado Access, and Kaiser Permanente. Initially the Department did a passive enrollment into the program; however, for continuing enrollment, clients have to actively select the program.

## Florida Managed Care Program Features, as of 2016

Features	Managed Medical Assistance Program	Long-term Care Program	Program of All-Inclusive Care for the Elderly
Participating plans and regions served: Plans in Program	Amerigroup Florida, Inc.; Better Health, Inc.; Coventry Healthcare of FL, Inc.; Humana Medical Plan; Molina Healthcare of Florida, Inc.; Prestige Health Choice; South Florida Community Care Network; Simply Healthcare Plans, Inc.; Wellcare Health Plan of Florida DBA Staywell; Sunshine State Health Plan, Inc.; United Healthcare of Florida, Inc.; AIDS Healthcare Foundation DBA Positive Healthcare, Inc.; Freedom Health, Inc.; Magellan Complete Care, LLC; Simply Healthcare Plans DBA Clear Health Alliance; Sunshine State Health Plan, Inc.; Children's Medical Services Network	American Eldercare, Inc.; Amerigroup Florida, Inc.; Coventry Healthcare OF FL, Inc.; Molina Healthcare of FL, Inc.; Sunshine State Health Plan, Inc.; United Healthcare of FL, Inc.	Florida Pace Center; Hope Select care; Morselife Home Care, Inc.; Suncoast Neighborly Care, Inc.
Notes: Program notes	Pregnant women who meet all other criteria for Medicaid eligibility are mandatorily enrolled into the MMA program. Presumptively eligible pregnant women are excluded. Full Dual recipients are mandatorily enrolled in the MMA program if they receive fee-for-service Medicare or are enrolled in a Medicare Advantage plan that is NOT fully liable. Full Duals enrolled in a fully liable Medicare Advantage plan or in a Medicare Advantage Special Needs plan are excluded. The MMA program includes MMA specialty plans for recipients in the child welfare system, recipients under the age of 21 with chronic conditions, recipients with HIV or AIDS, recipients with a serious mental illness, and adults with chronic conditions who have both Medicare and full Medicaid (also called "full duals"). The MMA specialty plans cover the same health care services as the standard MMA plans. An extension request has been submitted to Federal CMS to extend the MMA waiver authority from July 1, 2017 - June 30, 2022.	A recipient must be 18 years of age or older and meet Nursing Facility level of care in order to enroll in the Long-term Care program. Recipients aged 18 to 64 must be eligible for Medicaid by reason of a disability as determined by the Social Security Administration in order to enroll in the Long-term Care program.

## Georgia Managed Care Program Features, as of 2016

Features	Georgia Families	Georgia Families 360o	Planning for Healthy Babies (P4HB)
Notes: Program notes		Georgia Families 360o enrolls children, youth, and young adults in foster care; children and youth receiving adoption assistance; and select youth involved in the juvenile justice system.	P4HB consists of family planning, inter-pregnancy care and care management services. Inter-pregnancy care and care management services are limited to women who have given birth to a very low birthweight (VLBW) baby. Women who do not receive Medicaid benefits and have given birth to a VLBW baby are only eligible for care management services. Women ages 18 through 44 who qualify under the Low Income Medicaid Class of Assistance under the Georgia Medicaid State Plan are enrolled into one of the CMOs per the Medicaid state plan. Women ages 18 through 44 who qualify under the Aged, Blind and Disabled classes of assistance under the Georgia Medicaid State Plan and who deliver a VLBW baby on or after January 1, 2011, will receive care management services through a CMO of their choice.

## Iowa Managed Care Program Features, as of 2016

Features	IA Healthlink	Dental Wellness Plan
Notes: Program notes	<p>On April 1, 2016, most existing Iowa Medicaid programs were joined together into one managed care program called IA Health Link. Coverage is provided through a Managed Care Organization (MCO) that brings together physical, behavioral and long term care under one program. Some Medicaid members continue to receive Medicaid coverage through a Fee-for-Service model and will not transition to the IA Health Link program. IA Health Link was intended to implement 1/1/2016 after other managed care plans ended, but was delayed until 4/1/2016. Between 1/1/2016 and 3/31/2016 service delivery was provided through a Medicaid FFS mechanism.</p>	<p>A second plan option (MCNA) was added to the Dental Wellness Plan, but after July 1, 2016; all members at this time were only assigned to Delta.</p>

## Massachusetts Managed Care Program Features, as of 2016

Features	MassHealth BH/SUD PIHP	MassHealth Managed Care	Senior Care Options
Participating plans and regions served: Plans in Program	Massachusetts Behavioral Health Partnership	Health New England; Neighborhood Health Plan; Fallon Community Health Plan; Tufts Health Plan; Celticare; Boston Medical Center Health Net Plan	Boston Medical Center HealthNet Plan; United HealthCare; Senior Whole Health; Navicare HMO; Commonwealth Care Alliance; Tufts Health Plan
Notes: Program notes	Full duals are only enrolled mandatorily if less than 21 years of age.		The SCO program is a voluntary program offered to MassHealth members age 65 and older residing in the service area of a Senior Care Organization. The SCO program is available in 11 of the 14 counties in Massachusetts, excluding the far west and island counties. The SCO program covers all medically necessary Medicaid and Medicare covered services (there are no wrap services) through a robust provider network. Each enrollee must select a PCP upon enrollment, receives care coordination and participates and signs off on the development of his/her care plan. Each Senior Care Organization is also a Medicare Advantage Dual Eligible Special Needs Plan.

Performance incentives: Payment bonuses/differentials to reward plans			
Performance incentives: Preferential auto-enrollment to reward plans			
Performance incentives: Public reports comparing plan performance on key metrics			
Performance incentives: Withholds tied to performance metrics			
Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes			

## Massachusetts Managed Care Program Features, as of 2016

Features	<b>Program of All-Inclusive Care for the Elderly (PACE)</b>	<b>Primary Care Clinician Plan</b>	<b>Money Follows the Person - Behavioral Supports (MFP-BH)</b>
Participating plans and regions served: Plans in Program	Neighborhood PACE; Upham's Elder Services Plan; Elder Service Plan of Harbor Health Services; Fallon Health Summit ElderCare; Elder Service Plan of Cambridge Health Alliance; Element Care, Inc.; Serenity Care Pace Program; Mercy Life Inc.	Multiple Primary Care Providers	Money Follows the Person - Behavioral Supports (BFP-BH)
Notes: Program notes			MassHealth members enrolled in the two 1915(c) MFP waiver who are not otherwise eligible for the 1115 demonstration are mandatorily enrolled in this 1915(b) waiver. The 1915(c) MFP waivers included both the Community Living (MFP-CL, waiver control number MA.1027) and the MFP Residential Supports (MFP-RS, waiver control number MA.1028) waiver. The MFP-BH waiver (MFP-BH, waiver control number Ma.0002) runs concurrently with these 1915(c) Waivers. The 1915(b) waiver provides managed behavioral health benefits for participants enrolled in the MFP-CL and MFP-RS 1915(c) waivers. All other 1915(c) waiver HCBS are provided on a fee-for-service basis. MFP waiver participants must be age 16-64 with disabilities or age 65 or over and must be on MassHealth Standard.

## Michigan Managed Care Program Features, as of 2016

Features	Healthy Kids Dental	Specialty Prepaid Inpatient Health Plan	MI Choice
Participating plans and regions served: Plans in Program	Healthy Kids Dental	CMH Partnership of Southeast Michigan; Detroit Wayne Mental Health Authority; Lakeshore Regional Entity; Macomb County CMH Services; Mid-State Health Network; Northcare Network; Northern Michigan Regional Entity; Oakland County CMH Authority; Region 10 PIHP; Southwest Michigan Behavioral Health	Macomb-Oakland Regional Center (MORC); Northeast MI Community Service Agency; A & D Home Health Care Inc.; Area Agency on Aging 1-B; Area Agency on Aging of NW Michigan; Area Agency on Aging of West Michigan; Detroit Area Agency on Aging; Northern Health Care Management; Region 2 Area Agency on Aging; Region 3B Area Agency on Aging; Region IV (4) Area Agency on Aging; Region VII (7) Area Agency on Aging; Reliance Community Care Partners; Senior Resources of West Michigan; Senior Services Inc.; The Information Center Inc.; The Senior Alliance; Tri-County Office on Aging; UPCAP Care Services; Valley Area Agency on Aging
Notes: Program notes	MDHHS contracts for the administration of the Medicaid dental benefit called Healthy Kids Dental in 80 counties and 3 expansion counties. The contractor administers the Medicaid dental benefit to all Medicaid beneficiaries under age 21 in the participating counties. The dental services provided through the contractor mimic the dental services provided through the FFS Medicaid program. Medicaid beneficiaries have access to dentists through the contractor's participating dental networks. Beneficiaries must see a dentist who participates with the Healthy Kids Dental contract.	The state does not report any dual enrollment in SPHIP because it is not able to identify duals in the data for this program.	Covers HCBS only. Must be elderly or disabled adult (at least age 18), meet Nursing Facility Level of Care (NFLOC), and require supports coordination and at least one additional waiver service to qualify. Accreditation is not required, but some plans do this voluntarily.

Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	
Participating plans and regions served: Plans in Program	Magnolia Health; UnitedHealthcare of Mississippi Community Plan

## Mississippi Managed Care Program Features, as of 2016

Features	Mississippi Coordinated Access Network (MississippiCAN)
Notes: Program notes	<p>The MississippiCAN Program was implemented January 1, 2011, with two Coordinated Care Organizations (CCOs), Magnolia Health and UnitedHealthcare Community Plan. The program has evolved from a limited number of beneficiaries in 2011 (approximately 48,000) to a majority of the Mississippi Medicaid population by July 1, 2016 (499,365 or 69%). Also, additional services have been added since 2011, including behavioral health, non-emergency transportation, and inpatient hospital services. Presently all populations enrolled receive full benefits and all applicable state plan services. Excluded populations include residents of institutions, waiver beneficiaries, and dual eligibles. For more information, please see <a href="https://medicaid.ms.gov/wp-content/uploads/2015/08/2015-MississippiCANProvider-Workshop-Presentation.pdf">https://medicaid.ms.gov/wp-content/uploads/2015/08/2015-MississippiCANProvider-Workshop-Presentation.pdf</a>.</p>

## New Jersey Managed Care Program Features, as of 2016

Features	PACE	Non-Emergency Medical Transportation	NJ FamilyCare
Notes: Program notes	Enrollment is open monthly on the first day of the month.		<p>1. On July 1, 2016 an MLTSS Nursing Facility Transition incentive was initiated that paid a bonus to the MCO for each MLTSS beneficiary that they transitioned from a Nursing Facility to a community living arrangement. NCQA Commendable Accreditation (or higher) will become a requirement for MCOs that have been NJ FamilyCare MCOs starting with the state fiscal year after they have been an NJ FamilyCare Contractor for at least 36 months. 2. New Jersey implemented a Physician Rate Increase to increase reimbursement rates for certain primary and specialty care services in NJ FamilyCare to encourage new and continued provider participation in the NJ FamilyCare program and ensure recipients have adequate access to physician services. The managed care plans were directed to distribute this money using value-based purchasing.</p>

## North Carolina Managed Care Program Features, as of 2016

Features	Community Care of North Carolina	1915(b)/(c) Medicaid Waiver for MH/DD/SA Services	Program of All Inclusive Care for the Elderly
Notes: Program notes	Plan consists of independently contracted medical home/primary care providers who receive a per member per month (PMPM) management fee for coordination of care at the medical home provider office.		IMD: PACE serves individuals 55 and over in pre-approved service areas / zip codes. In regards to inpatient psych placements, a PACE organization can be contracted with a particular hospital or psych clinic in their approved service area and network. Most psychiatric inpatient placements with PACE have participants placed in a local contracted hospital that may have a psychiatric unit /wing within the facility.

## North Dakota Managed Care Program Features, as of 2016

Features	North Dakota Medicaid Expansion	Health Management Program
Notes: Program notes	In order for the State to provide the Medicaid Expansion MCO through private carriers including mandatory enrollment, an initial 1915(b) waiver allowing managed care enrollment of the new adult group for Medicaid expansion was submitted to CMS with authority granted. The 1915(b) waiver renewal was submitted to CMS for 2016-2017 with authority granted. In addition, CMS granted initial authority through an 1115 waiver to ensure compliance as related to having one health plan choice for those Medicaid Expansion recipients in urban areas of the State. CMS extended this 1115 waiver authority until such time that the Final Medicaid Managed Care CFR were published (May 6, 2016) - with the changes noted at 42 CFR § 438.52(b)(1) and (b)(3) the 1115 waiver was no longer needed. Per the Medicare Advantage Health Service Delivery (HSD) Reference file for the applicable calendar year, ND no longer has any counties designated as being urban thus the State may limit rural area residents to a single MCO.

## Ohio Managed Care Program Features, as of 2016

Features	Medicaid Managed Care	Ohio PACE	MyCare Ohio Opt-out
Notes: Program notes	<p>Children with special health care needs (SSI population ONLY) are enrolled mandatorily; children with special needs (BCMH population) are enrolled voluntarily.</p> <p>The program originally operated under 1932a authority but then implemented 1915(b) in 2013 to cover the SSI child population.</p>	<p>Low-income adults not covered under ACA Section VIII, Low-income adults covered under ACA Section VIII, Individuals receiving limited benefits, Full duals, and Partial duals can all be voluntarily enrolled in PACE if they meet the following requirements: 1) 55 years of age; 2)Reside in a PACE service area; 3) Have a level of care that would be provided in a nursing facility</p>	<p>MyCare Opt-out reflects the Medicaid MLTSS service option available for dual eligibles who choose not to participate in the MyCare financial alignment demonstration. Performance Incentive for Mycare Opt-out: on an annual basis ODM will withhold a percentage of the MCOPs Medicaid-only (opt-out population) capitation rate. The percent of Medicaid-only withheld amounts are repaid to the MCOP will be equal to the percent of withhold the MCOP receives for the dual-benefit (opt-in) members.</p>

## Oregon Managed Care Program Features, as of 2016

Features	OHP - Oregon Health Plan	PACE
Participating plans and regions served: Plans in Program	<p>Access Dental Plan, LLC; Advantage Dental Services; Capitol Dental Care, Inc.; CareOregon Dental; Family Dental Care; Greater Oregon Behavioral Health, Inc.; Managed Dental Care of Oregon; ODS Community Health Inc.; AllCare Health Plan; Cascade Health Alliance; Columbia Pacific; Eastern Oregon CCO; FamilyCare; HealthShare of Oregon; InterCommunity Health Network; Jackson Care Connect; PacificSource Community Solutions - Central Oregon; PacificSource Community Solutions - Columbia Gorge; PrimaryHealth of Josephine County; Trillium Community Health Plan; Umpqua Health Alliance; Western Oregon Advanced Health; Willamette Valley Community Health; Yamhill Community Care</p>	Providence Elder Place
Notes: Program notes	<p>A person can be enrolled simultaneously in two or three plans. For example, a client can be enrolled in the PACE program for physical health, a dental plan (DCO) for dental care and a mental health plan (CCO) for mental health care. So the person would be counted three times, once in PACE, once for the DCO and once for the MHO. Or a person could be enrolled in a CCO for physical health and mental health but be enrolled in a DCO for dental health care. Then the person would be counted twice, once for the CCO enrollment and once for the dental care organization enrollment.</p> <p>Note: Both CareOregon (FCHP) and Kaiser Permanente (PCO) had closed to enrollment prior to June 2016.</p>

## Tennessee Managed Care Program Features, as of 2016

Features	TennCare II	Program of All-Inclusive Care for the Elderly
Benefits covered: Institution for Mental Disease inpatient treatment for people ages 21-64 defined by 42 CFR §438.6(e) as an 'in lieu of' benefit		
Benefits covered: Other (e.g., nurse midwife services, freestanding birth centers, podiatry, etc.)	TennCare covers freestanding birth centers, podiatrists' services, and other services as indicated in Tennessee's approved Medicaid State Plan (where limitations imposed on each service are identified).	Podiatry, nutrition counseling, recreational therapy and social activities, spiritual care, transportation and escort to and from the PACE center, audiology and hearing aids, optometry and eyeglasses, and medical equipment and supplies are additional services covered by Tennessee's PACE program.
Quality assurance and improvement: HEDIS data required?	Yes	No
Quality assurance and improvement: CAHPS data required?	Yes	No
Quality assurance and improvement: Accreditation required?	Yes	No
Quality assurance and improvement: Accrediting organization	NCQA	
Quality assurance and improvement: EQRO contractor name (if applicable)	Qsource	
Performance incentives: Payment bonuses/differentials to reward plans	X	
Performance incentives: Preferential auto-enrollment to reward plans		
Performance incentives: Public reports comparing plan performance on key metrics	X	
Performance incentives: Withholds tied to performance metrics	X	
Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	X	
Participating plans and regions served: Plans in Program	Amerigroup; DentaQuest USA Insurance Company; Magellan Health Services; UnitedHealthcare Community Plan; Volunteer State Health Plan (BlueCare); Volunteer State Health Plan (TennCare Select)	Alexian Brothers Community Services

## Tennessee Managed Care Program Features, as of 2016

Features	TennCare II	Program of All-Inclusive Care for the Elderly
Notes: Program notes	<p>(1) TennCare covers services only when they are determined to be medically necessary. (2) As of July 1, 2016, MCOs were encouraged to include rural health clinics and FQHCs in their provider networks; MCOs that did not include these providers had to demonstrate that appropriate services were available in relevant coverage areas. (This arrangement was modified as part of the TennCare II Demonstration extension approved on December 16, 2016.) (3) On October 12, 2016, TennCare requested authorization for a health home program that would begin on January 1, 2017. (4) Dental services are available to enrollees under age 21 as part of EPSDT; those age 21 and older are not entitled to dental services except under EMTALA. (5) HCBS waiver services and nursing facility services are available through TennCare CHOICES. (6) The ICF-IDD services are reimbursed outside the TennCare II Demonstration. (7) TennCare does not cover any individuals receiving limited benefits, including partial duals. (8) Tennessee does not have any federally recognized Indian tribes. (10) Each member is enrolled in one Managed Care Entity (MCE) for physical health services, behavioral health services, and long-term services and supports. Adults (excluding PACE members) and children are also enrolled in a second MCE for pharmacy benefits. Children are enrolled in a third MCE for dental benefits.</p>	<p>A segment of Tennessee's PACE population qualifies for coverage solely by virtue of the TennCare II Demonstration (Tennessee's 1115 Medicaid demonstration waiver) and not via Tennessee's Medicaid State Plan. TennCare II has a demonstration-only population referred to as the "PACE Carryover Group", which consists of individuals who were enrolled in a PACE program as of June 30, 2012, but who upon redetermination no longer qualify for enrollment due solely to the state's modification of its nursing facility level of care criteria. Individuals who enroll in TennCare but opt not to participate in PACE are mandatorily enrolled in an MCO. PACE enrollees must meet the nursing facility level of care criteria (i.e., be disabled) to qualify for the program. Tennessee's PACE program complies with all quality assessment and performance improvement requirements outlined in federal regulation (42 CFR 460 Subpart H).</p>

Populations enrolled: Enrollment choice period	Other	N/A
Populations enrolled: Enrollment broker name (if applicable)	Maximus	

## Virginia Managed Care Program Features, as of 2016

Features	Medallion 3.0	PACE
<b>Populations enrolled: Notes on enrollment choice period</b>	At the time a member is enrolled, a new letter will be sent to individuals stating that the individual will likely be managed care eligible, and that the individual may pre-select an MCO. At the time a member is assigned, an assignment letter will either confirm the pre-selected MCO from above or assign the member to an MCO for enrollment. At that time, the member may call the enrollment broker to change or select a different MCO. Timing varies, usually averaging 30 days or less. After this period, a member can disenroll from the assigned MCO and select another MCO within the first ninety (90) days of enrollment without cause.	Enrollment begins on the first day of the month, each month. For example, if a participant want to join PACE and is assessed as eligible and signs the enrollment agreement on Feb.5th, they are enrolled, start receiving benefits, and can begin attending the PACE center on March 1st.

Notes: Program notes		Washington delivers the optional Health Home Medicaid/medical benefit both in the fee for service system and through MCOs. For individuals in Apple Health comprehensive MCOs, the MCOs are at risk for a health home services plus a broad array of benefits including inpatient, outpatient, physician services, pharmacy, etc. For individuals in PCCMs, the MCOs administer health homes services separate from the PCCM program	Indian Health Services administers this program for Yakima, Spokane and Confederated Tribes of the Colville Reservation. There are two FQHC's - Seattle Indian Health Board and Native Project. The tribal clinics are as follows: Lower Elwha Klallam, Lummi Nation, Nooksack Tribe, Tulalip Nation, Confederated Tribes of the Colville Reservation (non-HIS managed facility), Puyallup Tribe, Quileute Tribe, Quinault Indian Nation, Port Gamble S'Klallam Tribe. PCCM's are located in the following counties: Clallam, Grays Harbor, King, Snohomish, Whatcom, Okanogan, Ferry, Stevens, Lincoln, Spokane, Benton and Yakima.

Notes: Program notes	BHSO is a new program that started on 04/01/2016. Because it is included with AHAC/CHIP/HOFC/HO, it does not have a separate count of enrollees.	The State Level MLTSS enrollment data is restricted to users of those services, not total enrollees in programs that cover LTSS, and does not include services received under a PACE Program. Enrollees enrolled in PACE are not included but benefits covered under this program are listed.	BHSO services are provided to Medicaid clients that receive their medical services through the fee-for-service system.

## West Virginia Managed Care Program Features, as of 2016

Features	WV Mountain Health Trust
Benefits covered: Other (e.g., nurse midwife services, freestanding birth centers, podiatry, etc.)	
Quality assurance and improvement: HEDIS data required?	Yes
Quality assurance and improvement: CAHPS data required?	Yes
Quality assurance and improvement: Accreditation required?	Yes
Quality assurance and improvement: Accrediting organization	NCQA
Quality assurance and improvement: EQRO contractor name (if applicable)	Delmarva
Performance incentives: Payment bonuses/differentials to reward plans	
Performance incentives: Preferential auto-enrollment to reward plans	
Performance incentives: Public reports comparing plan performance on key metrics	
Performance incentives: Withholds tied to performance metrics	X
Performance incentives: MCOs/PHPs required or encouraged to pay providers for value/quality outcomes	
Participating plans and regions served: Plans in Program	CoventryCares of WV; The Health Plan; UniCare; WV Family Health
Notes: Program notes	WV received an extension through 7/1/17 for its current waiver, and is currently in the process of having its newest waiver submission reviewed. For 2016 reporting, WV added its Medicaid Expansion members to Managed Care during this time, thus the reason for the increase in managed care enrollment.
